LtCol William Gillespie
Deputy for Interoperability & Integration
J3 Deputy Director for Global Operations

3 October 2003

1
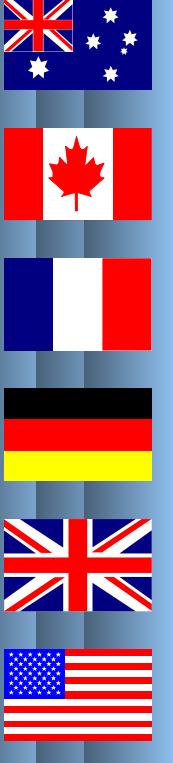

IS MIWG

Task 1: Draft MIC Information Exchange Memorandum of Understanding (MICIEM) document

Status:

- Reviewed and discussed comments/suggestions/ recommendations to MICIEM document, dated 9/25/03

- Document discussed in-depth to address all national legal and policy concerns

Way Ahead:

- Revised MICIEM document will be provided to IS MIWG members for review NLT 31 Oct 03

- Review completed NLT 15 Feb 04 with comments provided to U.S. MIWG representatives
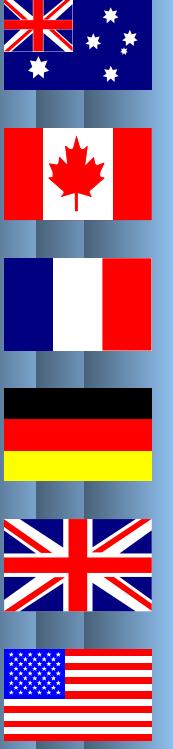

IS MIWG

Task 2: **Discuss "Way Ahead" Strategy for IS MIWG**

Status:

- **Reviewed/discussed concepts contained in:**
  - **Commander, U.S. JFCOM Memo, 31 Mar 03, Subject: MN LOE on Information Sharing, emerging insights**
  - **Multinational Information Sharing Transformation Change Proposal**
- **Documents above provide "Golden Nuggets" for brainstorming on future topics for IS MIWG future work**

Way Ahead: **Concepts incorporated into MICIEM document**
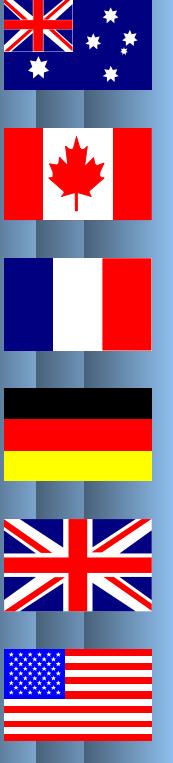

IS MIWG

<u>Task 3</u>: MIC Concept for Information Exchange and Sharing document

<u>Status</u>:

- French team discussed DRAFT MIC Concept for Information Exchange and Sharing document

- Document to identify information exchange requirements outside and during planning and conduct of operations

- Revised document, pages 1-8, to be provided IS MIWG members in Jan 04 and will be discussed at next IS MIWG meeting in Mar 04

<u>Way Ahead</u>: Determine if document will be an Annex to CBG and agree on content of document or if it should be a standalone document

4
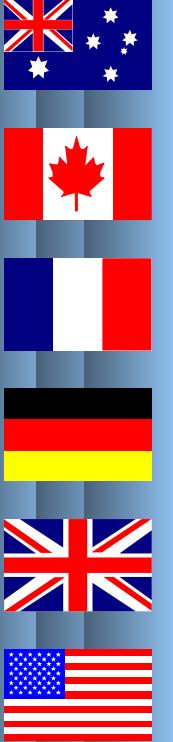

IS MIWG

<u>Task 4</u>: **Operational Management Plan for Web Services**
<u>Status</u>:

- **IS/NETWORK MIWGs met and discussed GRIFFIN and the need for the IS MIWG (operational community) to provide management plan for Web Services**
  - **Network MIWG said they needed "Draft" Operational Management Plan for Web Services NLT than early Feb 04**
- **IS MIWG members discussed tasks and the various elements associated with a management plan**
  - **AU representative to provide initial cut of items to be included in plan**
  - **IS MIWG members coordinate with their web management personnel on how to construct plan and what information should be in operational management plan**
    - **IS MIWG supports priorities established at Sep 02 MIWG meetings with caveat that Network MIWG is encouraged to implement services as resources become available and circumstances dictate**
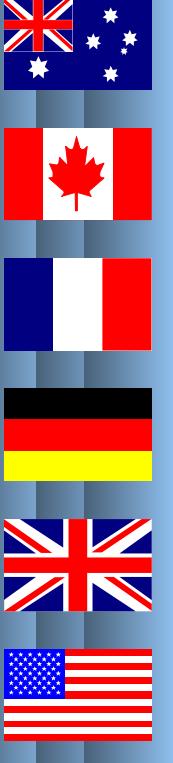

IS MIWG

<u>**Task 4**</u>: **Operational Management Plan for Web Services**

<u>**Status**</u>: **(Continued)**

- **IS MIWG members to provide comments to U.S. IS MIWG staff NLT 10 Nov 03**

<u>**Way Ahead**</u>:

- **Develop a Management Plan for Web Services by 20 Jan 04**

6
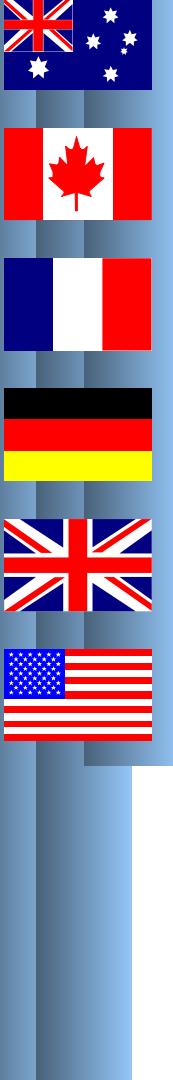

IS MIWG

<u>Task 5</u>: MIC CWAN CONOPS document

<u>Status</u>:
- MIC MN CWAN CONOPS document needs to be reviewed

<u>Way Ahead</u>:
- 15 Jan 04 suspense established for completing document review and providing responses to U.S. IS MIWG staff
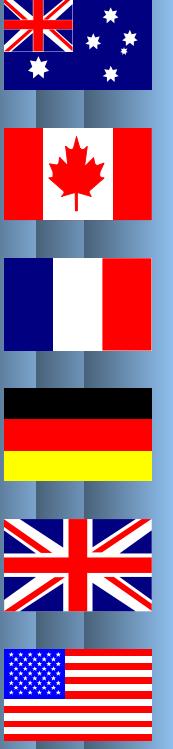

IS MIWG

<u>Task 6</u>: GRIFFIN Users Community Policy/Guidance

<u>Status</u>:

- Members discussed "Users" issue for GRIFFIN
- Not all nations have determined which members of their national and/or operational staffs will be designated as "Users"
  - National philosophies/policies/intent on establishing User communities discussed
  - No "ground rules" established

<u>Way Ahead</u>: Members to review "User" issue with their national staffs and provide feedback

8
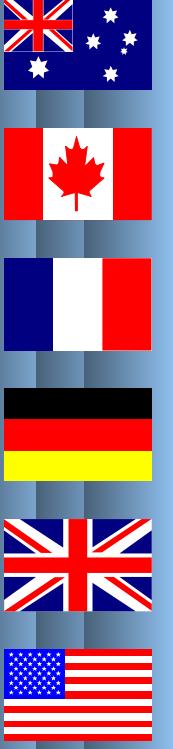

IS MIWG
